Applicant is given **one month**, or thirty (30) days, whichever is longer, from the mail date of this notice to supply the correction, if the non-compliant amendment is one of the following: a preliminary amendment, a non-final amendment (including a submission for a request for continued examination (RCE) under 37 CFR 1.114), a supplemental amendment filed within a suspension period under 37 CFR 1.103(a) or (c), and an amendment filed in response to a *Quayle* action. ***DETAILED ACTION***

The reply filed on March 05, 2007 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s):

Applicant is required under 35 U.S.C. 121 to elect a single emulsifier, auxiliary emulsifier, solvent, lipid, intestinal enzyme, intestinal efflux system, and steroid.

"This application contains claims directed to the following patentably distinct species: emulsifiers, auxiliary emulsifiers, solvents, lipids, intestinal enzymes, intestinal efflux systems, steroids. The species are independent or distinct because there is a plurality of emulsifiers, auxiliary emulsifiers, solvents, lipids, intestinal enzymes, intestinal efflux systems, steroids each with distinct structures and properties, the search for all of which presents an undue burden on the Office.

Applicant is required under 35 U.S.C. 121 to elect a single disclosed species for prosecution on the merits to which the claims shall be restricted if no generic claim is finally held to be allowable. Currently, claims 1-27 are generic.

Applicant is advised that a reply to this requirement must include an identification of the species that is elected consonant with this requirement, and a listing of all claims readable thereon, including any claims subsequently added. An argument that a claim is allowable or that all claims are generic is considered nonresponsive unless accompanied by an election.

Upon the allowance of a generic claim, applicant will be entitled to consideration of claims to additional species which depend from or otherwise require all the limitations

of an allowable generic claim as provided by 37 CFR 1.141. If claims are added after the election, applicant must indicate which are readable upon the elected species.

MPEP § 809.02(a)."

Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
